

## **Environmental Policy Statement**

**AGZ Group recognises the need for sustainable development and continually to improve the environmental effect of its activities. To achieve this we will:**

### **Establish sound environmental management by:-**

- Meeting or improving upon relevant legislative, regulatory and environmental codes of practice. Annually reviewing the company's environmental impacts and aspects.
- Maintaining our accreditation to the ISO 14001:2015 standard.
- Developing objectives that target environmental improvements, monitor performance and prevent environmental pollution by regular review of the environmental management system (EMS).
- Consider environmental issues in the decision-making process.
- Develop a relationship with suppliers and contractors so that we all recognise our environmental responsibilities.
- Educate our employees through training and competence development so that they carry out their activities in an environmentally responsible manner.
- Promoting an appreciation of the company's environmental performance among customers, suppliers, employees and the general public.

### **Providing for the effective use of resources by:-**

- Advising customers on the efficient use of energy and other utilities.
- Promoting the efficient use of resources, energy and fuel through the company's operations.
- Promoting waste minimisation by recycling or finding other uses of by-products whenever economically viable.
- Provide information, instruction, training and supervision for the company's products to be properly used, stored and disposed of so as to avoid unacceptable effects on the environment.

### **Co-operate with:-**

- The customers, suppliers and the communities in which we operate.
- The government, regulatory bodies and other interested parties with the shared vision of being a good and trusted neighbour.
